

August 2017

Dear Neotech Distributor:

It's GLO time!

We are very excited to announce the launch of the Neotech **NeoGlo™ Transilluminator**. This unique device has amazing features and tremendous market potential. The product was designed with the help of Neonatologists, NICU Nurses and Respiratory Therapists. The product offers you good margins, high market potential and has immediate market excitement for the innovative features.

Markets & Potential Customers:

- Neonatal ICU Nurses & Respiratory Therapists
- Neonatologists
- Pediatric ICU
- Transport Teams
- Labor & Delivery Teams
- Ambulance/EMS
- University Hospitals
- Children's Hospitals
- Home Health Care clinicians
- And more!

You will see on the flyer that we offer a **"30 Day Satisfaction Guarantee"** and we ask that you pass that along to your customers as well. After purchase from your company, the user would have 30 days to ensure they are satisfied with the NeoGlo. If not, they would return the device to your company and you would refund them accordingly. Neotech would then handle any exchanges or returns directly with you as needed.

We look forward to our mutual success with the NeoGlo. Thank you for your continued support of Neotech and our growing family of products that Make A Difference.

Sincerely,

Craig McCrary
