Neotech Ocular Exam Kit

DISPOSABLE SPECULUM AND DEPRESSOR

INDICATIONS FOR USE

The Neotech Ocular Exam Kit is intended to assist in ocular examinations.

DIRECTIONS FOR USE

- 1 Move sliding arm to closed position.
- 2 Insert curved blades under margins of upper and lower eyelids.
- 3 Move sliding arm to open eyelids to desired spacing and release.
- 4 Use depressor to assist in visualization.
- 5 Slide sliding arm to closed position and remove curved blades from eyelid margins.
- 6 Discard speculum and depressor.

Bilateral Examination

Discard speculum and depressor. Repeat steps above with second speculum and depressor.

Caution: To prevent cross contamination, use one set of instruments per eye.

Visit neotechproducts.com for the most up-to-date information.

Pouch is NXL film and reinforced coated paper.

CAUTIONS & WARNINGS

Federal law restricts this device to sale by or on the order of a physician.

The Neotech Ocular Exam Kit should only be used while the patient is under the continuous, direct supervision of healthcare professionals.

To prevent cross contamination, use one set of instruments per eye.

Excessive pressure to the eye may cause trauma to the conjunctiva.

Do not use if package is open or damaged.

Do not use a single speculum and/or depressor on both eyes.

Single patient use only.
