RE: Potential UPS Strike

Neotech Products hopes for a timely and amicable resolution to the looming UPS strike.

We understand that the reliability of our shipping process is crucial for the continuity of your operations. We assure you that we have taken all necessary steps to mitigate any possible disruptions.

As a provider of medical supplies, UPS has classified our shipments as priority and recognizes the critical nature of our products. UPS has committed to maintaining our shipping schedules to the best of their ability.

Additionally, we have developed contingency plans to ensure the continued delivery of our products. We have partnerships with alternative courier services, including FedEx, USPS, and DHL.

We are monitoring the situation closely and will keep you updated with any significant changes that may affect our shipping processes. In the unfortunate event of a UPS strike, our priority will remain to provide you with the best possible service and to ensure delivery without interruption.

Thank you for your continued business.

Best regards,

Craig McCrary  
President
